in the Township of North Bergen, shall be processed by the Department of Public Affairs.

The Township Clerk shall be responsible for the issuance and collection of fees for all licenses.

The Township Clerk shall have the authority to appoint two investigators whose duty it shall be to properly investigate all applications and present their findings to the Director of Public Affairs and the Township Clerk with recommendations for granting or denial of license.

The Health Officer will be advised of the receipt of new applications for locations where food will be processed or where food or food products will be handled. He will also be notified or requests for change of ownership in these categories. Immediately upon notification the Health Officer shall assign a Sanitary Inspector whose duty it shall be to make a Primary Inspection at said premises. Copy of the Primary Inspection shall be returned to a License Investigator so that further action can be taken.

Sole responsibility for enforcement of the License Ordinance shall rest with the License Investigators under the direction of the Township Clerk. Should other inspectors find any business operating without necessary license, such facts should be reported immediately to the Township Clerk and the License Investigators.

Section 2: In all other respects, the aforementioned ordinance shall remain in full force and effect.

Section 3: If any section, sub-section, paragraph, sentence, clause or phrase of this ordinance should be declared invalid for any reason whatsoever, such decision shall not affect the remaining portions of this ordinance, which shall remain in full force and effect; and to this end the provisions of this ordinance are hereby declared to be severable.

Section 4: This ordinance shall take effect when adopted and published as required by law.

enable the municipality to realize their maximum potential in the provision of municipal services.

The Board of Commissioners of the Township of North Bergen in the County of Hudson, N.J. DO ORDAIN:

Section 1: All permanent municipal employees who are members of a retirement system shall be entitled to 15 working days of sick leave for every calendar year of employment commencing with the date of appointment to the date of termination of employment on an accumulated basis.

Section 2: Upon termination of employment, compensation shall be paid to said municipal employee for each full day of earned and unused sick leave time computed at one half the average daily rate of pay received by said employee during the last year of employment in an amount not to exceed \$12,000.00 in the event said municipal employee shall have utilized any allotted sick leave time prior to termination of employment, the number of days so utilized shall be deducted from the total number of days due such employee. It at the time of termination of employment said municipal employee shall have utilized a number of sick days in excess of the entitled amount, the employee shall reimburse the municipality for said excess sick days at the average daily rate of pay received by said employee immediately prior to the termination of employment.

Section 3: There is hereby established a reserve of 45 sick days for every permanent municipal employee with less than 3 years of service who shall be entitled to draw sick days therefrom, and upon the completion of 3 years of municipal service said reserve shall no longer be available to said employee and the provisions as set forth in Section 1 hereof shall forthwith take effect. In the event an employee shall leave the employ of the municipality prior to the completion of 3 years of service, such employee shall reimburse the municipality for the number of sick days so utilized at the average daily rate of pay received by said employee immediately prior to the termination of employment.

Section 4: All sick leave time sought by an employee shall be submitted to the department head for approval, on form entitled "Request for Sick Leave". If approved, the same shall be forwarded to the payroll office for consideration by said office of the sick leave time taken by all municipal employees.

Section 5: (a) An employee who shall be absent on sick leave for five or more consecutive working days shall be required to submit acceptable medical evidence substantiating the illness.

1. An employee who has been absent on sick leave for periods totaling ten days in one calendar year consisting of periods of less than five days, shall submit acceptable medical evidence for any additional sick leave in that year unless such illness is of a chronic or recurring nature requiring recurring absences of one day or less in which case only one certificate shall be necessary for a period of six months.

2. The department head may require proof of illness of an employee on sick leave, whenever such requirement appears reasonable. Absence of sick leave or failure to apply therefor as required by this ordinance, shall be cause for disciplinary action.

(b) In case of leave of absence due to exposure of contagious disease a certificate from the Department of Health shall be required.

(c) In case of death in the immediate family, reasonable proof shall be required.

(d) The department head may require an employee who has been absent because of personal illness, as a condition of return to work, to be examined by a physician.

(1) "H" means the logarithm of the reciprocal of hydrogen ions in grams per liter of solution;

(m) "Pollutant" means any dredged spoil, solid waste, liquid waste, inorganic residue, sewage, garbage, refuse, oil, grease, sludge, mixtures, chemical wastes, biological materials, radioactive substances, thermal waste, wrecked or discarded equipment, rock, sand, cellar dirt, and industrial, municipal or agricultural waste or other residue discharged into the waters of the State;

(n) "Pre-treatment" means application of physical, chemical and biological processes to reduce the amount of pollutants in or alter the nature of the pollutant properties in a wastewater prior to discharging such wastewater into the publicly owned wastewater treatment works;

(o) "Pre-treatment standards" means all applicable Federal or State rules and regulations presently enacted to be enacted implementing section 307 of P.L. 95-217 or N.J.A.C. 56:11-49, as well as any nonconflicting State or local standards. In cases of conflicting standards or regulations, the more stringent thereof shall be applied;

(p) "Significant industrial user" means any industrial user of the Township of North Bergen treatment works whose flow either (1) exceeds (50,000) gallons per day, (11) exceeds (five) (5) percent of the daily hydraulic capacity of the treatment works, (111) contributes (five) (5) percent or more of any incompatible pollutant entering the treatment works, or (1V) is designated as significant industrial discharger by the Director or the Department; and or (V) those who have toxic pollutants in toxic amounts as defined in standards issued under section 307 (a) of P.L. 92-500 and "pretreatment standards", 40 CFR Sec 403

(b) "Storm water" means any flow occurring during or immediately following any form of natural precipitation and resulting therefrom;

(r) "Suspended solids" means the total suspended matter that floats on the surface of, or is suspended in, water, wastewater or other liquids, and which is removable by laboratory filtering;

(s) "Toxic pollutant" means those pollutants, or combinations of pollutants, including disease-causing agents, which after discharge and upon exposure, ingestion, inhalation or assimilation into any organism, either directly or indirectly by ingestion through food chains, will, on the basis of information available to the Commissioner of the Department, cause death, disease, behavioral abnormalities, cancer, genetic mutations, physiological malfunctions, including malfunctions in reproduction, or physical deformation, in such organisms or their offspring;

(t) "Unpolluted water" is water not containing any pollutants limited or prohibited by the effluent standards in effect, and whose discharge will not cause any violation of receiving water quality standards

(u) "User" means any person who discharges, causes, or permits the discharge of wastewater into the City's wastewater treatment works;

(v) "User classification" means a classification of user based on the 1972 (or subsequent) edition of the Standard Industrial Classification (sic) Manual prepared by the Office of Management and Budget;

requirements of the "Solid Waste Management Act" N.J.S.A. 13:1E-1 et seq.;

(x) "Wastewater" means the liquid and water-carried industrial or domestic wastes from dwellings, commercial buildings, industrial facilities, and institutions, together with any groundwater, surface water, and storm water that may be present, whether treated or untreated, which is discharged into or permitted to enter the Township of North Bergen treatment works;

(y) "Hearing Authority" means the Mayor and Board of Commissioners of the Township of North Bergen.

(z) Terms not otherwise defined herein shall be as adopted in the latest

edition of Standard Methods for the Examination of Water & Wastewater, published by the American Public Health Association, the American Water Works Association and the Water Pollution Control Federation; the Federal Guidelines for State and Local Pretreatment Programs, EPA-430/9-76-0179, Volume 1, 1977; or the latest revision thereof; P.L. 95-217; N.J.S.A. 58:10A-1; or N.J.A.C. 58:11-49, 1972.

SECTION 2: PROMISSIONS AND LIMITATIONS ON WASTEWATER DISCHARGES

(a) Prohibitions on Wastewater Discharges. No person shall discharge or deposit or cause or allow to be discharged or deposited into the wastewater treatment system any wastewater which contains the following;

(1) Oils and Grease. (A) Oil and grease from industrial facilities, in concentrations or amounts violating Federal pretreatment standards. This includes petroleum based hydrocarbons as determined by either fat absorption (B) wastewater from industrial facilities containing floatable fats, wax, grease or oils. (C) Total fat, wax, grease, or oil concentration of more than (100) mg/l, whether emulsified or not, or containing substances which may solidify or become viscous at temperatures between 32° and 150°F (0° and 65°C) at the point of discharge into the system.)

(2) Explosives and/or Flammable Mixtures. Liquids, solids or gases which by reason of their nature or quantity are, or may be, sufficient either alone or by interaction with other substances to cause fire or explosion or be injurious in any other way to the treatment works or to the operation of the works. At no time shall two successive readings on an explosion hazard meter, at the point of discharge into the treatment works, be more than five percent (5%) nor any single reading over ten percent (10%) of the lower explosive limit (L.E.L.) of the water. Prohibited materials include, but are not limited to: Gasoline, kerosene, naphtha, benzene, toluene, xylene, ethers, alcohols, ketones, aldehydes, peroxides, chlorates, perchlorates, bromates, carbides, hydrides and sulfides.

(3) Noxious Materials. Incompatible pollutants which, either singly or by interaction with other wastes, are noxious or malodorous, are capable of creating a public nuisance, or are or may be sufficient to prevent entry into the treatment works for its maintenance and repair.

(4) Improperly Guarded Garbage. Garbage that has not been ground or comminuted to such a degree that all particles will be carried freely in suspension under flow conditions normally prevailing in the treatment works, with no particle greater than one-half (1/2) inch in any dimension.

and similar substances. (Other materials may be specified at the discretion of the Director).

(7) Excessive Discharges. Wastewater at a flow rate that exceeds for any time period longer than fifteen (15) minutes more than five (5) times the average twenty-four (24) hour flow during normal operation, or containing such concentrations or quantities of pollutants that would cause a treatment process upset and subsequent loss of treatment efficiency.

(8) Toxic Pollutants. Any toxic pollutant in amounts exceeding standards promulgated by the Administrator of the United States Environmental Protection Agency pursuant to section 307 (a) of P.L. 95-217 and chemical elements or compounds, phenols or other taste or odor-producing substances, or any other substances normally not found in unpolluted waters which are not susceptible to treatment or which may interfere with the biological processes or efficiency of the treatment system, or that will pass through the system.

(9) Stormwater. Discharge of stormwater into the treatment works from any source except existing combined sewers is prohibited.

(10) Discolored Material. Wastes with color not removable by the treatment works.

(11) Corrosive Wastes. Any waste which will cause corrosion or deterioration of the treatment system. All wastes discharged to the public sewer system must have a pH value in the range of (6) to (9) standard units. Prohibited materials include, but are not limited to, acids, alkalies, sulfides, concentrated chlorides and fluoride compounds, and substances which will react with water to form acids or alkaline products.

(b) Limitations on Wastewater Discharges

The following are the maximum concentrations of pollutants allowable in wastewater discharges to the wastewater treatment works. Dilution of any wastewater discharge for the purpose of satisfying these requirements shall be considered a violation of this Ordinance.

(a) Regulatory Actions. If wastewater containing any substance prohibited in Section 2 of the Ordinance or containing any substance in concentrations exceeding limits imposed by Section 2 of this Ordinance are discharged into the treatment works of the Township of North Bergen or to any tributary treatment works thereto, the Director shall take all actions necessary to:

(1) Prohibit the discharge of such wastewater;

(2) Require a discharger to demonstrate that in-plant modifications will cause the discharge of such substances to be in conformance with this Ordinance;

(3) Require pretreatment, including storage facilities, or flow equalization necessary to ensure complete compliance with these rules and regulations;

(4) Require the person making, causing or allowing the discharge to pay all the additional cost or expense incurred by the Township of North Bergen for handling and treating excess loads imposed on the treatment works; and

(5) Take such other remedial action as may be deemed to be desirable or necessary to achieve the purpose of this Ordinance.

(b) Submission of Plans. Where pretreatment or equalization of wastewater flows prior to discharge into any part of the treatment works is required, plans, specifications, and other pertinent data or information relating to such pretreatment or flow-control facilities shall first be submitted to the Director for review and approval. Such approval shall not exempt the discharger or such facilities from compliance with any applicable code, ordinance, rule, regulation or order of any governmental authority. Any subsequent alterations or additions to such pretreatment or flow-control facilities shall not be made without due notice to and prior approval of the Director.

(c) Pretreatment Facilities Operations. Pretreatment facilities shall be maintained in good working order and operated efficiently by the owner or operator at his/her own cost and expense, subject to the requirements of these rules and regulations and all other applicable state and federal codes, ordinances, and laws.

(d) Addition to Property. Whenever it shall be necessary for the purposes of these rules and regulations, the Director or his/her representatives, upon the presentation of credentials, may enter upon any property or premises at reasonable times for the purpose of inspecting/copying any records required to be kept under the provisions of this Ordinance. The Director or his/her representatives, upon presentation of credentials, may enter upon any property or premises at any time for the purpose of inspecting any monitoring equipment or premises, and/or sampling any discharge of wastewater to the treatment works.

(e) Protection from Accidental Discharges. Each industrial user shall provide protection from accidental discharge of prohibited materials or other waste regulated by this Ordinance. Facilities to prevent accidental discharge of prohibited materials shall be provided and maintained at the owner or operator's own cost and expense. Detailed plans showing facilities and operating procedures to provide this protection shall be submitted to the Director for review, and shall be approved by him/her before construction of the facilities and approval of such plans and operating procedures shall not relieve the industrial user from the responsibility to modify his/her facility as necessary to meet the requirements of this Ordinance.

(a) Discharge Reports

(1) Every significant industrial user shall file a periodic discharge report at such intervals as are designated by the Director. The Director may require any other industrial users discharging or proposing to discharge into the treatment works to file such periodic reports.

(2) The discharge report shall include, but not be limited to: nature of process, volume, rates of flow, concentrations of incompatible pollutants, total mass of each incompatible pollutant discharged, hours of operation, or other information which relates to the generation of waste. Such reports may also include the chemical constituents and quantity of liquid materials stored on site even though they are not normally discharged. In addition to discharge reports, the Director may require information in the form of Industrial Discharge Permit Applications and self-monitoring reports.

(b) Records and Monitoring

(1) All industrial users who discharge or propose to discharge waste-water to the treatment works shall maintain such records of production and related factors, effluent flows, and pollutant amounts or concentrations as are necessary to demonstrate compliance with the requirements of this Ordinance and any applicable State or Federal pretreatment standards or requirements.

(2) Such records shall be made available upon request by the Director. All such records relating to compliance with pretreatment standards shall be made available to officials of the N.J.D.E.P. and the U.S. Environmental Protection Agency upon demand. A summary of such data indicating the industrial user's compliance with this Ordinance shall be prepared (quarterly) and submitted to the Director. All records shall be retained for a period of 5 years.

(3) The owner or operator of any premises or facility discharging industrial wastes into the system shall install at his/her own cost and expense suitable monitoring equipment to facilitate the accurate observation, sampling, and measurement of wastes. Such equipment shall be maintained in proper working order and kept safe and accessible at all times.

(4) Each significant industrial discharger shall maintain separate monitoring equipment.

(5) Whether constructed on public or private property, the monitoring facilities shall be constructed in accordance with the applicable Federal or State or local requirements and all applicable construction standards and specifications. Plans and specifications for all such work will be submitted to the Director for approval prior to construction.

(c) Inspection, Sampling and Analysis

(1) Compliance Determination. Compliance determinations by the Director or his/her agent with respect to Section 2 provisions and limitations shall be made on the basis of either instantaneous grab samples or 24 hour composite sample of wastewater, or as may be determined by the N.J.D.E.P. or the U.S.E.P.A.

SECTION 5: INDUSTRIAL DISCHARGE PERMIT SYSTEM (OPTIONAL)

(a) Wastewater Discharge Permits Required. All significant industrial and/or municipal users proposing to connect to or continue to discharge into the part of the wastewater treatment system must first obtain a discharge permit therefor. All existing significant industrial and/or municipal users connected to or discharging to any part of the treatment system must obtain a wastewater discharge permit within ninety (90) days from and after the effective date of this Ordinance.

(c) Retest Application. Where seeking a wastewater discharge permit, shall complete and file with the Director an application on the form prescribed by the Director, and accompanied by the applicable fee. In support of such application, the user shall submit the following information:

- (1) Name, address, and SIC number of applicant (where applicable).
- (2) Average daily volume of material to be discharged.
- (3) The present and projected future:

(3) Limits on rate and time of discharge or requirements for flow regulations and equalization.

(4) Requirements for installation of inspection and sampling facilities and specifications for monitoring programs.

(5) Requirements for maintaining and submitting technical reports and plant records relating to wastewater discharges.

(6) Compliance schedules.

(7) Other conditions to ensure compliance with this Ordinance.

(d) Duration of Permit

Permits shall be issued for a specified time period not to exceed three (3) years. At least 60 days before the expiration date of any permit, the permit holder must apply, pursuant to section 5 (g) for a renewal of said permit, if such is desired. Validly issued permits may not be modified except by mutual consent of the user and issuer, unless a toxic effluent limitation or prohibition including any schedule of compliance specified in such effluent limitation or prohibition is established under Section 307 (a) of P.L. 92-500 or Section 4 (d) of N.J.S.A. 58:10A-1 for a toxic pollutant which is more stringent than any limitations upon such pollutant in an existing permit, in which case the Director shall modify the permit appropriately and shall so notify the permittee.

(e) Initial Permits (Optional)

Initial permits shall be issued for a period not to exceed one (1) year.

(f) Transfer of a Permit

Wastewater discharge permits are issued to a specific user for a specific operation or discharge. They may not be transferred to other users, premises, or operations, or significantly modified discharges, except upon written permission from the Director.

(a) Notification of Violation

Whenever the Director finds that any person has violated or is violating this Ordinance, or any prohibition, limitation or requirement contained herein, he may serve upon such person a written notice stating the nature of the violation and providing a reasonable time, not to exceed thirty (30) days, for the satisfactory correction thereof.

(b) Show Cause Hearing.

(1) If the violation is not corrected by timely compliance, the Director may order any person who causes or allows an unauthorized discharge to show cause before the (hearing authority) why service should not be terminated. A notice shall be served on the offending party, specifying the time and place of a hearing to be held by the (hearing authority) regarding the violation, and directing the offending party to show cause before (said authority) why an order should not be made directing the termination of service. The notice of the hearing shall be served personally or by registered or certified mail (return receipt request) at least (ten (10) days before the hearing. Service may be made on any agent or officer of a corporation.

(2) The (hearing authority) may itself conduct the hearing and take the evidence, or may designate any of its members or any officer or employee of the (assigned department) to:

(A) Issue in the name of the (hearing authority) notices of hearings requesting the attendance and testimony of witnesses and the production of evidence relevant to any matter involved in any such hearings.

(B) Take the evidence.

(C) Transmit a report of the evidence and hearing, including transcripts/records and other evidence, together with recommendations to the (hearing authority) for action thereon.

(3) At any public hearing, testimony taken before the hearing authority or any person designated by it, must be under oath and recorded either by the hearing officer in a summary manner or stenographically. In the latter case, the transcript, so recorded, will be made available to any member of the public or any part to the hearing upon payment of the usual charges therefore.

(4) After the (hearing authority) has reviewed the evidence, it may issue an order to the party responsible for the discharge directing that, following a specified time period, the sewer service be discontinued unless adequate treatment facilities, devices or other related appurtenances shall have been installed or existing treatment facilities, devices or other related appurtenances are properly operated, and such further orders and directives as are necessary and appropriate.

Said improvement shall be undertaken and made as a general improvement and no part of the cost thereof shall be assessed against

property specially benefited.

Section 2. It is hereby determined and stated that (1) the making of such improvement (hereinafter referred to as "purpose"), is not a current expense of said Township, and (2) it is necessary to finance said purpose by the issuance of obligations of said Township pursuant to the Local Bond Law, and (3) the estimated cost of said purpose is \$400,000, and (3) \$20,000 of said sum is to be provided by the down payment, and (4) the estimated maximum amount of bonds or notes necessary to be issued for said purpose is \$380,000, including the \$20,000 authorized by said Temporary Appropriation and herein authorized, and (5) the cost of such purpose, as hereinbefore stated, includes the aggregate amount of \$400,000 (including the amount of \$20,000 stated in said Temporary Appropriation which is estimated to be necessary to finance the

cost of such purpose, including architect's fees, accounting, engineering and inspection costs, legal expenses and other expenses, including interest on such obligations to the extent permitted by Section 40A:2-20 of the Local Bond Law.

Section 3. It is hereby determined and stated that moneys in the amount of \$20,000, appropriated for down payment on capital improvements by Temporary Appropriation made available prior to the final adoption of this ordinance are now available to finance said purpose. Said sum of \$20,000 is hereby appropriated and reappropriated by this ordinance to the payment of the cost of said purpose as the down payment required by Section 40A:2-11 of the Local Bond Law.

Section 4. To finance said purposes, bonds of said Township of an aggregate principal amount not exceeding \$380,000 are hereby authorized to be issued pursuant to the Local Bond Law.

Said bonds shall bear interest at a rate per annum as may be hereafter determined within the limitations prescribed by law. All matters with respect to said bonds not determined by this ordinance shall be determined by resolutions to be hereafter adopted in consultation with Frohling & Fitzpatrick, Esqs., hereby appointed Bond Counsel for the purpose set out herein.

Section 5. To finance said purpose, bond anticipation notes of said Township of an aggregate principal amount not exceeding \$380,000 are hereby authorized to be issued pursuant to the Local Bond Law in anticipation of the issuance of said bonds.

In the event that bonds are issued pursuant to this ordinance, the aggregate amount of notes hereby authorized to be issued shall be reduced by an amount equal to the principal amount of the bonds so issued. If the aggregate amount of outstanding bonds and notes issued pursuant to this ordinance shall at any time exceed the sum first mentioned in this section, the money raised by the issuance of said bonds shall, to not less than the amount of such excess, be applied to the payment of such notes then outstanding.

Section 6. Each bond anticipation note issued pursuant to this ordinance shall be dated on or about the date of its issuance and shall be payable not more than one year from its date, shall bear interest at a rate per annum as may be hereafter determined within the limitations prescribed by law and may be renewed from time to time pursuant to and within limitations prescribed by the Local Bond Law. Each of said notes shall be signed by the Mayor and by the Director of Revenue and Finance and shall be under the seal of said Township and attested by the Township Clerk. Said officers are hereby authorized to execute said notes and to issue said notes in such form as they may adopt in conformity with law. The power to determine any matters with respect to said notes not determined by this ordinance and also the power to sell said notes, is hereby delegated to the Director of Revenue and Finance who is hereby authorized to sell said notes, either at one time or from time to time in the manner provided by law.

Section 7. It is hereby determined and stated that the Supplemental Debt Statement required by the Local Bond Law has been duly made and filed in the office of the Township Clerk of said Township, and that such statement so filed shows that the gross debt of said Township as defined in Section 40A:2-43 of the Local Bond Law, is increased by this ordinance by \$ and that the issuance of the bonds and notes authorized by this ordinance will be within all debt limitations prescribed by the Local Bond Law.

Section 8. Any funds received from the County of Hudson, the State of New Jersey or any of their agencies or any funds received from the United States of America or any of its agencies in aid of such purpose, shall be applied to the payment of the cost of such purpose, or, if bond applied to the payment of the cost of such purpose, it bond anticipated notes have been issued, to the payment of the bond anticipation notes, and the amount of bonds authorized for such purpose shall be reduced accordingly.

Section 9. This ordinance shall be separate and independent authority for the appropriation of \$380,000 made herein.

Section 10. This ordinance shall take effect twenty days after the first publication thereof after final passage.

RECORD OF ORDINANCES

Passed and adopted by the Board of Commissioners of the Township of North Bergen, in the County of Hudson, New Jersey

ORDINANCE OF THE TOWNSHIP OF NORTH BERGEN ESTABLISHING A PLANNING BOARD AND A ZONING BOARD OF ADJUSTMENT PURSUANT TO THE PROVISIONS OF CHAPTER 291, LAWS OF NEW JERSEY, 1975; PROVIDING FOR THE POWERS OF SAID BOARDS, FIXING THE PROCEDURES GOVERNING APPLICATIONS TO SAID BOARDS AND APPEALS THEREFROM.

BE IT ORDAINED by the Commissioners of the Township of North Bergen, Hudson County, New Jersey, as follows:

Section 1. Establishment.

There is hereby established pursuant to C.291 P.L. 1975, in the Township of North Bergen a planning board of 9 members consisting of the following four classes:

Class 1. Mayor

Class 11. One of the officials of the municipality other than a member of the governing body to be appointed by the Mayor; provided that if there is an Environmental Commission, the member to be appointed by the Mayor shall also be a member of the planning board as required by C. 40:56A-1 shall be deemed to be the Class 11 planning board member if there is both a member of the Zoning Board of Adjustment and a member of the Board of Education among the Class IV members.

Class 111. The member of the Township Commission who's Department encompasses public works.

Class IV. Six other citizens of the municipality to be appointed by the Mayor. The members of Class IV shall hold no other municipal office, except that one member may be a member of the Zoning Board of Adjustment and one may be a member of the Board of Education. A member of the environmental commission who is also a member of the planning board as required by R.S. 40:56A-1 shall be a Class IV planning board member unless there be among the Class IV members of the Zoning Board of Adjustment and a member of the Board of Education in which case the member of the Environmental Commission shall be deemed to be the class II member of the planning board.

Section 2. Terms. The term of the member composing Class I shall correspond with his official tenure. The terms of the members composing Class II and Class III shall be for one year or terminate at the completion of their respective terms of offices which ever occurs first, except for a Class II member who is also a member of the Environmental Commission. The term of a Class II or Class IV member who is also a member of the Environmental Commission shall be for three years or terminate at the completion of his term of office as a member of the Environmental Commission which ever occurs first.

The term of a Class IV member who is also a member of the Board of Adjustment or the Board of Education shall terminate whenever he is no longer a member of such other body or at the completion of his Class IV term, whichever occurs first.

The terms of all Class IV members first appointed pursuant to this ordinance shall be so determined that the greatest practicable extent the expiration of such term shall be evenly distributed over the first four years after their appointment as determined by resolution of the governing body provided however that no term of any member shall exceed four years and further provided that nothing herein shall affect the term of any present member of the planning board, thereafter all Class IV members shall be appointed for terms of four years except as otherwise herein provided. All terms shall run from January 1 of the year in which the appointment was made. Section 3. Vacancies. If a vacancy of any class shall occur otherwise than by expiration of term, it shall be filled by appointment as above provided for unexpired term.

Section 4. Organization of Board. The planning board shall elect a chairman and a vice chairman from the members of Class IV and select a secretary who may be either a member of the planning board or a municipal employee designated by it.

Section 5. Planning Board Attorney. There is hereby created the office of planning board attorney. The planning board may annually appoint, fix the compensation of or agree upon the rate of compensation of the planning board attorney who shall be an attorney other than the Township attorney or assistant Township attorney.

Section 6. Experts and Staff. The planning board may also employ or contract for the services of experts and other staff and services as it may deem necessary. The Board shall not however exceed exclusive of gifts or grants, the amount appropriated by the governing body for its use.

Section 7. No member of the Planning Board shall be permitted to act on any matter which he or she has either directly or indirectly any personal or financial interest.
